* Enabled to keep up a good weekly supply of excellent lymph. Longford, Westbury, and Fingal supplied therewith.

† Of those above 6 months old, 58 were from 1 year to 12 years old; many were whole families of children with 5 to 2 unvaccinated, notwithstanding the facilities publicly and gratuitously offered during the previous two years. An unexceptionable supply of lymph has been kept up, and numerous Medical Practitioners, both urban and rural, supplied therewith on application.

E. SWARBRECK HALL, *Superintendent of Vaccinations.*

* Two perfect vesicles. Dr. Willes remarks:—"There are numbers of children born in this District remaining unvaccinated; but their parents make so many objections, especially since the Vaccination is no longer paid by the Colony, that it is not easy to keep up a supply from arm to arm. I hope the Government will re-introduce their Bill on this subject during the coming Session, for it is a most important measure."

† The unsuccessful one was operated upon three different times in the foregoing period. The Vaccinations at this establishment were initiated by Dr. Coverdale sending to my public Vaccinations two selected children, from whom the supply of lymph was continued. I see many of the cases during their progress.

E. SWARBRECK HALL, *Superintendent of Vaccinations.*
